Busing: Buses will leave from the Middle Schhol (back circle) at approximately 12:45pm. Loading will start at 12:30pm. Children must return home on the bus unless they have a written note from their parents allowing them to either stay at the lake or having some other means of transportation.

Buddy program: Each child will be in a group according to their swimming ability. Within each group they will have a partner (buddy). They must be with that person at all times when they are in the water. The lifeguards have a buddy check about every 15 minutes where all swimmers come out of the water and our counselors check to see that all children have their buddy with them. Children may select their own buddy or the counselors will select a buddy for them. This is very important – if a child is found without their buddy they will not be allowed to go back into the water for the rest of the day or possibly longer.

Refreshment stand: Children are allowed to go to the refreshment stand only if they get permission from their counselors. It is recommended that they go with their buddy. When they return, they must check in with their counselors. We must know where every child is at all times. Permission is given to go to the refreshment stand only, not any other area of the park.

What to wear: Children are asked to wear their swimming attire and to bring a large towel (with their name on it), footwear (no socks), a sweatshirt or t-shirt. They may bring a small bag for snacks or other items.
